Beskrivelse:

FASTEST CFAST CARD READ AND WRITE SPEEDS

Fast, Faster, Fastest! The Angelbird AV PRO CF - CFast 2.0 card pushes the limit with sustained 550 Mb/s read and write speeds and maxes out at 560 Mb/s. Additionally, the card delivers consistent and safe performance, even under extreme temperatures and 'unconventional circumstances.

A WORKHORSE CFAST CARD UNAFFECTED BY WORKAHOLIC TENDENCIES

With so much to consider in the moment, from pulling focus to color composition, you need complete trust that the most important elements are captured in sync with your vision - without compromise. The Angelbird AV PRO CF - CFast 2.0 card optimizes mechanical handling, resulting in enhanced recording performance while reducing the potential for damage caused by excessive vibration or overheating. What you get is rock-solid onboard recording and memory media for your digital camera that let's you do what you do best- create!

Goecker for shooters
