Beskrivelse:

100mm Ball Mount - SET

The kit allows mounting a 100mm head on adicam cart. It is perfect alternative for all those who do not need such an extensive solution as the Camera Mount System. The purchase of the 75mm Bowl Adapter allows to mount 75mm head without need to remove any other element.

In case of heavy equipment, we recommend adapting it near the center of the trolley so that it does not overturn. The best solution for adapting/installing is presented on the attached photos - on the swivel wheels/narrow side of the trolley.

Maximum lifting capacity - 30 kg

The set includes:

2× handles with 35mm tube and 100mm ball head

Specifikationer:

Producent	Adicam
Kategori	Vogne tilbehør
