### Beskrivelse:

The SUN-SWATTERS create a shadow that moves synchronously with the actors and models. The unique SUN-SWATTERS can be recognised immediately because they look like a giant fly swatter hovering over the models. The contrast reducing SCREENS are held by a stable "U" -shaped aluminium frame, which is attached to a holding rod (BOOM-STICK) that can be adjusted in height. This construction provides mobility and a space-creating distance to the object. In mobile applications, the system is carried only by one assistant. A tripod is sufficient for static applications. The smart construction of the SUN-SWATTER is a further development of the SUNBOUNCE CLASSIC 3-D frame. The 3-dimensional "U" ensures that at least one side of the frame does not throw rod shadow.

The SUN-SWATTER is available in three sizes from 90 x 125 cm to 180 x 245 cm (3' x 4' to 6' x 8'):

MINI: for portraits  
PRO: for full body images  
BIG: for groups  
SPOT: for portraits

### In the box:

-Screen

# Goecker for shooters

## Specifikationer:

Producent	Sunbounce
Kategori	Lys tilbehør
Leverandør	Sunbounce
