Beskrivelse:

Sunbounce Sun Swatter Pro Super Saver Starter Kit 2/3

Reduces the contrast more and makes wonderfully soft light. Good in combination with reflectors.

The SUN-SWATTERS create a shadow that moves synchronously with the actors and models.

The unique SUN-SWATTERS can be recognised immediately because they look like a giant fly swatter hovering over the models.

The contrast reducing SCREENS are held by a stable "U"-shaped aluminium frame, which is attached to a holding rod (BOOM-STICK) that can be adjusted in height.

This construction provides mobility and a space-creating distance to the object. In mobile applications, the system is carried only by one assistant.

A tripod is sufficient for static applications. The smart construction of the SUN-SWATTER is a further development of the SUNBOUNCE CLASSIC 3-D frame. The 3-dimensional "U" ensures that at least one side of the frame does not throw rod shadow.

The SUN-SWATTER is available in three sizes from 90 x 125 cm to 180 x 245 cm (3' x 4' to 6' x 8'):

- MINI: for portraits
- PRO: for full body images
- BIG: for groups
- SPOT: for portraits

In the box:

- Frame
- Screen
- Grip-Head
- Boom-Stick
- Tuning-Clips
- Carrying-Bag
