Beskrivelse:

Canon BP-820 Battery Pack

Keep shooting on-the-move with this spare Canon BP-820 Lithium-ion Battery. With lithium technology, this powerful, rechargeable battery ensures you get the most of your camera with a single full charge and does not suffer from a memory effect if you top up the charge before its fully drained.

Use this additional battery as a spare for your kit, or as a replacement for your compatible camcorder battery.

The battery has a voltage of 7.4V and a capacity of 1780mAh.

Goecker for shooters
