Beskrivelse:

Canon Drop-in Filter Mount Adapter EF-EOS R with Drop-in Circular Polarizing Filter

Connect your EF or EF-S lens to the EOS R system camera with this specially-designed adapter. This EF-EOS R Mount Adapter comes with a drop-in circular polarizing filter to reduce reflections from non-metallic surfaces such as water and glass or pollution in the atmosphere - whilst enhancing colour saturation as you shoot. Canon EOS R adapters are weather-sealed against dust and moisture, ready to be used on location.

Goecker for shooters
