### Beskrivelse:

#### *Canon PD-E1 USB Power Adapter*

- Charge the LP-E6N battery of the EOS R in-camera
- Stay shooting for longer
- Easy to connect and store in your kit bag
- Charge batteries with the compatible with Canon BG-E22 battery grip

The Canon PD-E1 USB Power Adapter is specially designed to charge the LP-E6N battery of the EOS R in-camera, or both batteries in the battery grip BG-E22. This enables you to charge your camera without having to stop and remove the battery and help keep you shooting for longer. The ideal solution for ensuring your EOS R camera is always ready to shoot.
