Beskrivelse:

DJI RC Pro

- 5.5-inch 1080p High-bright display
- 15 km video transmission
- 120 ms ultra-low latency
- Brightness up to 1000 nits
- 3-hour max operating time

Offering powerful performance, DJI RC Pro is designed for professional-level aerial photography.

Thanks to the next-generation processor and increased storage capacity, DJI RC Pro works more stably and smoothly. It comes with the powerful O3+ video transmission technology. It also adopts the same control sticks as DJI FPV, offering a precise, ultra-smooth control experience.

Incredible Signal Range and Quality

The upgraded O3+ system supports a video transmission range of up to 15 km [1] with a latency as low as 120 ms.

High-Bright Screen

DJI RC Pro's 5.5-inch 1080p screen with a brightness of up to 1000 nits is perfect for Outdoor mode. Shadow details are enhanced for a clear display, even under direct sunlight.

Updated Processor for Upgraded Performance

DJI RC Pro is equipped with the latest-generation processor to bring a more durable, stable, and smooth system that simply enhances flying.

Fine-Tuned Control

DJI RC Pro uses the same control stick design as DJI FPV for precise maneuvering, fluid operation, and better shot composition.

Outstanding Audio and Video Functions

DJI RC Pro supports videos played at 4K/120fps in H.264 and H.265 codecs. The system supports the installation of third-party apps for more diversified editing and sharing options.

In the Box:

- 1 x DJI RC Pro
- 1 x USB 3.0 Type-C Cable

Compatibility:

- DJI Mavic 3
- DJI Mavic 3 Cine
- DJI Mavic 3 Classic
- DJI Mavic 3 Pro
- DJI Mini 3 Pro
- DJI Air 2S

Specifikationer:

Producent	DJI
