Beskrivelse:

DJI Mavic 3 Fly More Combo

- 4/3 CMOS Hasselblad Camera
- 46 Minutes of Flight Time
- Omnidirectional Obstacle Sensing
- 15km Max Transmission Range
- Advanced Return to Home

Capture stunning imagery with a legendary Hasselblad camera and enjoy smooth flight with omnidirectional obstacle sensing. Every improvement on Mavic 3 sets a higher standard for aerial photography. Fly with Mavic 3 and discover imaging above everything.

Two cameras, unlimited possibilities

The iconic Swedish brand Hasselblad designed and built the L2D-20c aerial camera just for DJI Mavic 3, embedding a professional-grade 4/3 CMOS in an unbelievably compact space. Rigorous Hasselblad standards are applied to both hardware performance and software algorithms, bringing imaging quality to an entirely new level.

The tele camera can be used to frame shots or explore. Whether capturing landscapes or people, enjoy more flexibility and creative potential.

Hasselblad L2D-20c Camera:

- 4/3 CMOS Sensor
- 20mp photos
- 12.8 stops dynamic range
- f/2.8-f/11 adjustable aperture
- 24mm equivalent focal length
- VDAF - vision detection autofocus technology

Tele camera:

- 28x Hybrid zoom
- 162mm equivalent
- f/4.4 aperture

Hasselblad Natural Colour Solution

Mavic 3 features the Hasselblad Natural Colour Solution, the culmination of decades of photographic experience that delivers vivid, natural colors with the simple press of the shutter.

Professional video specifications

- 5.1K Video Recording
- DCI 4K/120fps
- Supports Apple ProRes
- 10-bit D-Log
- HLG
- Night Shots Video

Mavic 3 not only records aerial videos at high resolutions and framerates, it also captures up to 1 billion colors with a 10-bit D-Log color profile. This delivers more natural gradations of sky coloring with more details retained for greater flexibility in post-production.

Omnidirectional obstacle sensing

Mavic 3 helps you to enjoy collision-free flight so you can focus on getting the best shots possible. Multiple wide-angle vision sensors work seamlessly with a high-performance vision computing engine to sense obstacles in all directions precisely and plan a safe flight route that avoids them.

Advanced RTH

Always end on a high note with Advanced RTH. This updated auto-return function enables Mavic 3 to automatically determine the optimal route back to its home point and execute it quickly.

Mavic 3 can fly to a designated altitude and then find a safe and efficient route back to its home point, combining the advantages of Advanced RTH and traditional RTH, allowing users to choose the best option according to their environment.

Don't Just Fly. Enjoy.

Mavic 3 makes flight more fun than ever with recording that is no longer interrupted by obstacles along the way. When flying, Mavic 3 continually senses objects in all directions and bypasses them quickly and smoothly.

Goecker for shooters

Control Mavic 3 to fly in any direction without having to continually press the control sticks.

This not only makes long-distance flight more effortless, but also helps reduce shakes during manual control for smoother camera movement.

The Waypoint Flight function brings the automated flight experience to new heights. Mavic 3 can automatically plan a flight route based on the waypoints preset by the user, and can precisely repeat routes.

In the box:

- 1 x DJI Mavic 3
- 1 x DJI RC-N1 remote controller
- 1 x DJI RC-N1 control sticks (pair)
- 1 x DJI RC-N1 RC cable (USB-C)
- 1 x DJI RC-N1 RC cable (Lightning)
- 1 x DJI RC-N1 RC cable (Micro-USB)
- 3 x DJI Mavic 3 intelligent flight battery
- 6 x DJI Mavic 3 low-noise propellers (pair)
- 1 x DJI 65W portable charger
- 1 x DJI Mavic 3 battery charging hub
- 1 x DJI convertible carrying bag
- 1 x DJI Mavic 3 storage cover
- 1 x DJI Mavic 3 ND filter set (ND4/8/16/32)
- 1 x DJI USB A to USB-C cable

Goecker for shooters

Specifikationer:

Producent	DJI
Kategori	Actionkamera
Megapixel Opløsning	20
Sensor størrelse	Micro Four Third
Bredde	22.1
Dybde	9.03
Højde	9.63
GPS	Ja
Vægt	895
Lukkertid	8 - 1/8000
Lagringsmedie	Mikro-SD
Videopløsning	5.1K@24/25/30/48/50fps DCI 4K@24/25/30/48/50/60/120fps 4K@24/25/30/48/50/60/120fps FHD@24/25/30/48/50/60/120/200fps
Videoformat	MP4/MOV (MPEG-4 AVC/H.264, HEVC/H.265)
Billedfil format	DNG JPEG
Batteri	Mavic 3 intelligent flight battery
Opladningsmetode	Mavic 3 Battery Charging Hub (Included)
Leverandør	Boston
