Beskrivelse:

DZOFilm Octopus Adapter PL Lens To X Mount Camera

Octopus, a kind of smart creature that catch subjects tightly through their tentacles. Inspired by this, DZOFILM unleashes the possibility in changing among different camera systems. Under that name, DZOFILM adapters connect and catch the lens tightly like an Octopus does.

PRECISE & SOLID CONNECTION

Solid, Gap free, No Wobble, No adjustments needed, Remain Precise.

Precise Structural Design & Tight Tolerance. Solid connection even after 50,000 times of testing.

RELIABLE & SOLID FIT

No degrade of lens performance. Enhanced durability with stainless steel mount

STRENGTHENED SUPPORT

1/4 Screw Support Design, change the center of gravity from lens mount to adapters. Effectively decrease the load on the mount.

REDUCING INTERNAL REFLECTION

Fine internal flock coating, excellently diminishes the internal reflection in barrel.

INFINITY FOCUS MAINTAINED

Tight tolerance of machining requirement + Precise back flange distance. NO adjustments needed. Infinity focus maintains accurate.
