## Beskrivelse:

Add color to your palette with the OCF Gels. There are 20 gels to choose from, ten are color correction gels for balancing your flash with, for instance, warmer or colder natural light or indoor lighting, while the other ten are color effect gels. Add them to boost your creativity and shape light in color.

OCF Gels are pre-cut to fit Profoto Off-Camera Flashes, and mounted in the blink of an eye thanks to a unique and clever snap-on solution.

OCF Gels are sold in three different kits. The OCF Color Gel Starter Kit includes the ten most popular gels plus the actual Grid&GelHolder. In addition, there is an OCF Color Correction Gel Pack and an OCF Color Effects Pack, each with 20 gels.

- Balance color temperature or get creative with colored light.
- Choose from ten color correction gels and ten color effect gels.
- Pre-cut and labeled for fast and easy use.
- Clever snap-on solution.
- Comes with two gel attachment pieces, a practical bag and a wallet.
- Can be used together with any OCF Light Shaping Tools.

Kit includes:

- 1 x OCF Grid & GelHolder
- 2 x Gel attachment pieces
- 1 x Carrying bag
- 1 x Gel wallet
- 1 x Full CTO
- 1 x Half CTO
- 1 x Quarter CTO
- 1 x Quarter CTB
- 1 x Half Plus Green
- 1 x Rose Pink
- 1 x Light Lavender
- 1 x Just Blue
- 1 x Peacock Blue
- 1 x Yellow

Important Notice

- OCF Gels may only be used with Profoto Off-Camera Flashes that have LED modeling lights. They may not be used with standard heads or monolights.
- Gel packs require an OCF Color Gel Starter Kit.
