Beskrivelse:

A portable beauty dish for off-camera flashes

The OCF Beauty Dish is a collapsible and more portable version of the classic Profoto Softlight Reflector. It creates a creamy yet crisp light, often referred to as a “beauty light.” The White Beauty Dish gives a softer and slightly more even light than its silver counterpart. When it comes to bringing out the beauty of your subjects, this is second to none.

Since it is tailor-made for on-location photography, the OCF Beauty Dish is compact, lightweight and easy to use. High-quality fabrics and patent-pending design allows you to snap it onto the speedring without having to bend and fumble with the rods.

Important to note:

Only recommended for Profoto off-camera flashes with LED modeling light. May not be used with D1 and D2 monolights or standard heads.

Profoto OCF Beauty Dish White 2' features

- Creates a classic beauty light
- Collapsible and lightweight
- Patent-pending design for fast and easy setup
- Made with high-quality fabrics
- Requires an OCF Speedring (sold separately)
- Comes with deflector plate, optional diffuser and a labeled soft bag
