Beskrivelse:

Lacie 2big RAID 16TB USB 3.2 Gen 2

- Fast Performance: Speeds of up to 550 MB/s enable fast large-file transfers and seamless 4K video editing.
- Loads of Capacity: Offering up to 40 TB of storage for large-scale projects and long-term archiving. Hot
- Swappable Drives: Easily remove and replace drives while 2big is still operating. Simple RAID Configuration:
- New to RAID? LaCie Toolkit offers step-by-step assistance with setup.
- USB 3.2 Gen 2 (up to 10 Gb/s)
- Connect your LaCie drive with USB-C Backed by 5-year Rescue Data Recovery Services

Ideal for creative professionals who need reliable photo backup and seamless video editing, 2big RAID delivers up to 40 TB of trusted desktop storage. Easy-to-configure hardware RAID 0/1 enables versatile speed, capacity, and data redundancy, while LaCie RAID Manager sends alerts about drive and system health.

IronWolf Pro drives support fast, smooth workflows with 7,200 RPM performance and long-term reliability. Hot swappable drives are easy to replace when needed, even while 2big RAID is running. And if a natural disaster or accident strikes, rest easy with 5-year Rescue Data Recovery Services.

Hardware RAID Simplified

Whether you're new to 2-bay hardware RAID or a seasoned pro, LaCie RAID Manager makes it easy to configure any 2big for speed, capacity, or data redundancy. It even helps you monitor the system's health via email notifications.

RAID 0 For PERFORMANCE

Stripe Mode: Drives are striped together and function like one large drive, enabling max speed and capacity.

RAID 1 For REDUNDANCY

Mirror Mode: Drives mirror each other, meaning data is automatically the same on both drives. If one fails, the other has your back.

JBOD For FLEXIBILITY

Just a Bunch of Disks: Drives function independently, offering two separate drives in one enclosure.

Fierce Internal Hard Drives

IronWolf Pro enterprise-class drives live inside the latest-gen 2big solutions – and they're the secret ingredient to sprinting past goals and deadlines. Supporting up to 300 TB/year workloads, they're specifically designed for RAID and high-speed 7,200 RPM performance, delivering smooth power management, massive capacity and reliability. And for ultimate peace of mind they're covered by a 5-year warranty.

Specifikationer:

Producent	Lacie
Kategori	Harddiske
Kapacitet	16
Interface(text)	USB 3.2 Gen 2 (up to 10 Gb/s) USB-C
Vægt	2.8
Cooling	Aluminium enclosure with improved internal heat dissipation, Thermoregulated Noctua cooling fan
RAID modes	RAID 0, RAID 1, JBOD
Disk type	7,200 RPM Seagate IronWolf Pro enterprise-class hard drives
