### Beskrivelse:

#### *Viltrox EF-EOS R lens adapter*

- Perfect for EF/EF-S lenses to EOS R5, R6, R and RP cameras
- Supports EXIF data
- Supports auto focus, fast focus speed
- Electronic aperture adjustment
- Supports IS lens stabilization

Viltrox EF-EOS R lens adapter is designed to allow Canon EF/EF-S series lens to be used on Canon EOS R5, R6, R and RP cameras.

The adapter supports functions like EXIF signal transmission, auto focus and aperture adjustment, etc.

A detachable tripod adapter provides support for longer Canon lenses.

# Goecker for shooters
